Pavilion on Northbourne is Canberra's ideal student-friendly accommodation centrally located, all-inclusive, and built around the needs of school groups. Whether you're bringing 20 students or 230, we offer a flexible, stress-free experience with everything managed under one roof.

We specialise in school group accommodation and pride ourselves on great value, a central Canberra location, on-site catering and dedicated on-site group coordinators throughout your stay.

Dedicated Group Coordinators

Every school group is assigned dedicated on-site group coordinators who manage your stay from arrival to departure. This means group organisers and teachers have knowledgeable contacts on the ground throughout the trip, able to assist with answers throughout their stay.

Your group's coordinators manage:

Room allocation - students and teachers are assigned rooms in advance

On-site support throughout the stay for any queries or issues

Floor plans provided prior to arrival so coordinators know the full layout

Coordination of meals along with special dietary requirements

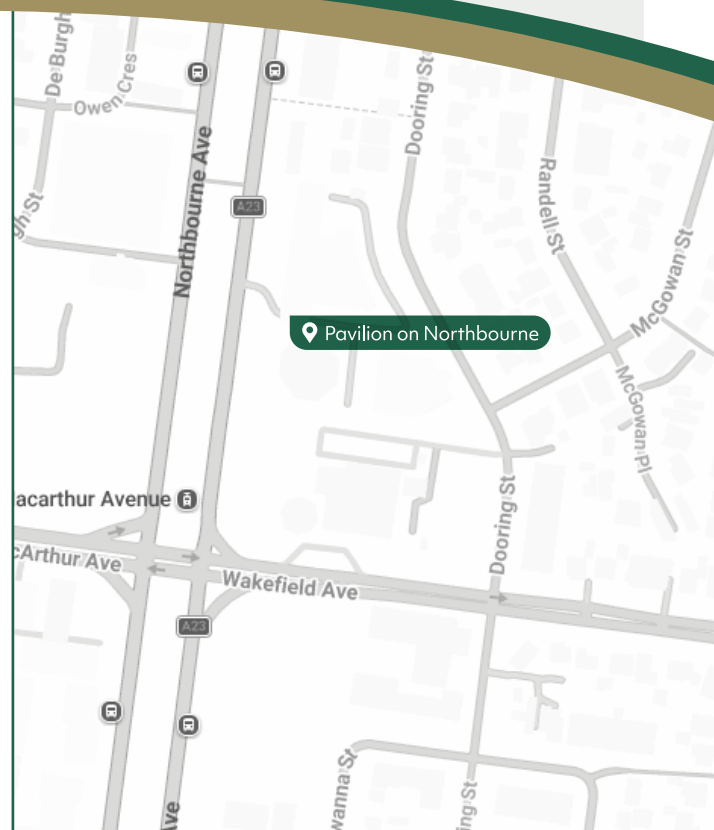

Keys prepared and ready on check-in, no waiting around on arrival day

Assist with any of your requests throughout your stay
